Tribal Consultation on Snake River Clean Water Act Site Specific Criteria (ID): Region 10's Water Division Director will travel to Lapwai, Idaho on April 23rd to consult with the Nez Perce Tribe on the EPA's upcoming action on the State of Idaho's site-specific criteria for temperature in the Hells Canyon reach of the Snake River. Region 10 is currently awaiting confirmation from National Marine Fisheries Service that they consider our biological evaluation on this action complete. NMFS will then either concur with our "not likely to adversely affect" determination, or conduct its own biological opinion.
